

Letter of Intent

To Prof. Silvia Bigliuzzi  
Director of the Skenè Research Centre  
Verona University  
Lungadige Porta Vittoria, 41  
37129 Verona (Italy)

20 November 2022

I am very happy to confirm my endorsement of and collaboration on the proposed SENS research project. In my capacity as Associate Professor of Acting and Programme Leader for BA Acting at the Guildford School of Acting, Surrey University, I will offer consultancy and involve groups of students from GSA for selected video and audio recordings relevant to the SENS archive. The collaboration of GSA is supported by the 5-year cooperation agreement currently active with the Skenè Centre of Verona University on whose grounds collaborative work has been done since 2021 on the Shakespeare and Mediterranean Summer Schools which regularly take place in Verona in August, with the participation of students from GSA and my personal involvement in the organisation and the running of an acting workshop. The collaboration on the SENS project will include research and educational purposes as well as outreach activities at an international level.

Sincerely,

Dr. Jacquelyn Bessell

Associate Professor of Acting

Programme Leader, BA Acting
